# Seed Beads

## PRECIOSA Two-Cuts

ART No. 351 31 001  
Two-Cut Beads

ART No. 361 31 001  
Three-Cut Beads

### Warning

Slight deviations in colors and sizes to be tolerated.

### Certificates

Product certificate according to the PN 0840, PN 0841 and PN 0880 Industrial Standards.

### Directions for Use

Specific properties of the product need to be understood: Two-Cuts and Three-Cuts should be kept away from small children (danger of swallowing and/or inhalation).

#### Cosmetics

Ordinary cosmetics do not effect the glass and surface treatment. The surface layer does not dissolve. Neither the glass nor the surface treatment chemically interacts with fabrics or the skin.

#### Perspiration

When used for usual decorative purposes, Two-Cuts and Three-Cuts are not negatively effected by perspiration. The surface treatment remains stable.

#### Dry Cleaning

Clothing decorated with Two-Cuts and Three-Cuts can be dry cleaned using common commercial dry cleaning solutions (non-polar organic solvents). Both the glass and the surface treatment will remain uneffected.

#### Washing

Hand wash only.

#### Storage

The shelf life of Two-Cuts and Three-Cuts will increase when stored in a dry and dark place.

#### Color Fastness

Two-Cuts and Three-Cuts are color fast when stored in a dry and dark place. When used for common garment and jewelry applications Two-Cuts and Three-Cuts maintain the same color. The color fastness has been tested according to the European CSN EN ISO 105-B02 Standard.

#### Wear

Two-Cuts and Three-Cuts and the surface treatments are wear resistant. Excessive friction can result in high wear and partial loss of the surface finish.

The above properties will hold as long as Two-Cuts and Three-Cuts are not subjected to aggressive chemicals which would interact with glass or surface treatment. Inside and outside coated Two-Cuts and Three-Cuts should be handled with extra care. If holes are scratched beads will gradually change or loose color.

Hand Wash

Do Not Iron

Do Not Dry Clean

### Ecology

Preciosa Ornela manufacturing facilities utilize the latest environmentally friendly production technology. When used for their intended purpose all products are free of health hazards.

### Product Specifications
